

Sally Hansen®

CREME HAIR REMOVER

FOR FACE

Quick, Effective Facial Hair Remover With
Vitamin E Plus A Skin-Conditioning After-
Treatment Lotion With Vitamin E And Collagen.

Smooth, Beautiful, Results

Sally Hansen® CREME HAIR REMOVER FOR FACE quickly dissolves away unwanted facial hair just below skin's surface, leaving skin smooth and beautifully bare, without unsightly "shadow" or stubble. EXTRASMOOTH™ Skin Conditioning Lotion with Vitamin E and Collagen conditions skin, leaving it softer and smoother.

Where to Use:

Upper lip, chin, hairline. DO NOT USE NEAR EYES OR EYEBROWS. AVOID CONTACT WITH LIPS. For extensive hair removal on legs, arms, underarms and bikini area, Sally Hansen® offers a complete line of Creme, Lotion and Wax Hair Removers.

Patch Test, First

Before using, perform this simple patch test for allergic reaction:

Apply CREME HAIR REMOVER, following instructions, to a one-inch square area on the inner fold of the elbow. Leave on 8 minutes. Wipe off with damp cotton or tissue. **Wait 24 hours.** If no redness or irritation develops within this period, proceed with treatment. Irritation or allergic reaction may occur with some people, even after prior use without adverse effect.

Directions

Squeeze CREME HAIR REMOVER onto fingertips. Gently smooth creme over hair you want to remove, covering it completely with a layer about 1/16" thick. DO NOT RUB IN. Wash hands immediately and thoroughly.

Wait 3 minutes. Test a small area by wiping creme away with a dampened tissue or cotton ball. If hair does not remove easily, wait 2 more minutes and test again. Do not leave on longer than a total of 8 minutes. Do not allow to dry on your skin.

Thoroughly remove with a moist tissue or cotton ball. Rinse with lukewarm water. Do not use soap. Pat dry. Wait 24 hours before reapplication.

Wipe off opening of CREME HAIR REMOVER tube before replacing cap. Always keep tube tightly closed when not in use.

Glide EXTRASMOOTH over areas treated with Creme Hair Remover. Let dry on your skin.

Sally Hansen's exclusive EXTRASMOOTH Skin Conditioning Lotion with Vitamin E and Collagen gives your skin gentle conditioning after hair removal. It helps soothe and moisturize skin, leaving a smooth, soft, silky feeling.

CAUTION:

If stinging or burning sensation occurs, gently remove the product and immediately, rinse the treated area thoroughly, apply a cold compress and seek professional assistance. Keep product away from eyes and eyebrows. If product comes in contact with eyes, wash immediately with cold water. If irritation occurs, seek professional assistance. DO NOT use any soaps or astringents for 2 hours before or after treatment. DO NOT use on breast nipples, perianal or vaginal/genital areas, in nose, or ears, on cut, irritated, inflamed, chapped, sunburned skin, over moles or warts, or on recently tweezed or shaved areas. FOR EXTERNAL USE ONLY. KEEP OUT OF REACH OF CHILDREN.
